

IMR Login & User Access Agreement Vision Engineering — DesignOS™ Enterprise

Built for speed. Designed for accuracy. Structured to protect your earnings.

1. Welcome & Acceptance of Terms

Welcome to DesignOS™ Enterprise. You are now operating within a platform designed to protect your work, secure your commissions, and ensure every order you generate is accurately tracked and recognized. By accessing the system, you agree to operate within this structured environment and follow all governing policies.

2. IMR Role & Platform Exclusivity

All quoting, configuration, and order activity must occur within the platform. Activity inside is recognized and protected. Activity outside is not recognized, not commissionable, and not recoverable. No manual overrides or user-controlled pricing inputs exist.

3. Platform Exclusivity Enforcement

All transactions must originate and be completed within the platform. The platform is the sole system of record.

4. Commission Protection

Commission is secured only upon Sales Order generation within the platform and calculated strictly on MSRP, excluding freight, taxes, and overages.

5. Overage (IMR Only)

Maximum overage is 15% above MSRP. 100% of the approved overage is awarded to the IMR. Commission remains based on MSRP only.

6. Pricing Control & System Enforcement

All pricing is system-controlled. No adjustments, overrides, or external inputs are possible. Outputs are final and binding.

7. Account Responsibility

Users are responsible for their login credentials and must report unauthorized access.

8. Channel Compliance

IMRs do not qualify for Distributor or OEM pricing and may not operate under multiple classifications.

9. Order & Payment Enforcement

Accounts may be restricted for overdue invoices. Access may be suspended until resolved.

10. System Integrity

Users may not circumvent workflows, input false data, or manipulate system logic.

11. Enforcement

Violations may result in commission forfeiture, account restriction, or termination.

12. Supersession of Prior Agreements

This agreement replaces all prior pricing or commission agreements.

13. Intellectual Property

All system logic and outputs are proprietary to Vision Engineering.

14. System Availability

The platform is provided as-is and may experience downtime.

15. Governing Law

This agreement is governed by applicable law.

16. IMR Branding & Platform Personalization

IMRs may upload their logo, replacing the Vision Engineering logo within their interface, creating a personalized working environment.

By continuing, you acknowledge and agree to operate exclusively within DesignOS™ Enterprise.
